REVISED PLANS FOR ROCKVIEW PRISON TO SAVE MILLIONS

Harrisburg, May 22.—Several million dollars will be saved the people of the state as a result of the revision of the plans for building the Rockview Penitentiary at Bellefonte. The new plans, suggested by the board of trustees and approved by Governor Pinchot, contemplates a complete change in the original intention of the designers to erect a modern bastille to house Pennsylvania's lawbreakers.

Instead, the state now plans to fashion out a model prison farm on the 6,000 acre tract in Center county. Massive cell blocks and great towers will give way to a series of dormitories, each housing fifty prisoners. The change in construction plans will effect the great saving for while it would have cost the state \$6,000 to provide permanent accommodations for a single prisoner under the old plan, the dormitory type of construction will require the expenditure of but \$875 per prisoner.

The revision of the plans for the penitentiary has not been confined to the physical features alone. Under the management of Warden John O. Stutzman, new scheme for the handling of the prisoners has been evolved which has been pronounced eminently successful by Governor Pinchot and Dr. Ellen C. Potter, welfare secretary.

At present there is not a barred window in the penitentiary. The 650 men prisoners are housed in great dormitories, somewhat resembling army barracks. All day long they are engaged in farming and construction work under the supervision of the warden and a small corps of guards.

There is no wall about Rockview—only a wire fence that serves rather to mark the boundaries of the prison farm rather than a deterrent to prisoners who might be inclined to make a dash for liberty. The greatest possible liberty, consistent with safety is accorded the prisoners and inmates are said to be responding to this modified "honor system" in a manner that has proved highly pleasing to the state officials.

Although, the present system has been in practice but six months, Rockview is today regarded as the best managed penitentiary in the state. Both Governor Pinchot and Dr. Potter have praised the Rockview system and have expressed their satisfaction at the manner in which Mr. Stutzman is handling the prison problem at the state penitentiary.

Eventually it is planned to make Rockview the model prison of the state. It will be held out as a reward for these prisoners in the other two penitentiaries who behave themselves and prove that they are capable of responding to the treatment accorded prisoners at Rockview. It is expected that the inmates of Rockview will (Continued on Page Two)

WOMAN'S CLUB ACTIVE

The Progress advises you to take a second look at agents these days before you shut the door in their faces. It may be one of your friends. The members of the Woman's Club are selling paring knives for the benefit of the Sailors and Soldiers Memorial Fund. You will want to help with this project and if you are missed call any member of the club before they are disposed of.

PRIZE COLOR CONTEST WILL BE A REGULAR SATURDAY FEATURE IN THE PROGRESS FOR NEXT SIXTEEN WEEKS

The prize "color page," which is to be a feature of the Progress for the coming 16 weeks, will make its first appearance tomorrow and will again appear each Saturday until the contest closes.

This color page contest, for such it is, is designed to sharpen the wits of the kiddies of the town while at the same time develop their artistic sense and abilities.

Cash prizes will be given to the boy or girl turning in the best colored page. Pictures will be printed on this page each week and the idea is to have the kids and ladies color these

QUICK REPORT ON EXPLOSION VICTIM AT PHILADELPHIA

The Progress experienced a fine example of the efficiency of Inter. News Service Thursday when after having exhausted every effort to get a report by regular means on the condition of Al Myers, of Woodland, who was burned by a gasoline explosion in Philadelphia on Wednesday we turned our query over to the news service. Shortly after two o'clock we wired our Pittsburgh Bureau as follows: "Have Phila. query Samaritan Hospital condition Myers explosion victim." With in twenty minutes our wonderful printer, telegraph instrument shoved out to the gaze of an anxious father, waiting here in our office the welcome news "Myers recovering at home."

In that brief space of time communication was had by Clearfield with Pittsburgh, thence to Philadelphia, thence to the Samaritan Hospital back to the Philadelphia Bureau thence to Pittsburgh again and next to Clearfield, where in. The Progress office, our news machine delivered to us the printed message. If you have not seen this machine operate, drop in sometime.

YOUTH IS KIDNAPED THEN MURDERED BY UNKNOWN PERSONS

Fourteen Year Old Son
of Chicago Millionaire
Is the Victim of Brutal
Slayers in Chicago.

REVOLTING CRIME

Chicago, May 22.—Kidnapped and held for a \$10,000 ransom and murdered when the kidnapers believed discovery of plans imminent the body of Robert Frank, 14 year old son of J. P. Frank, millionaire, was found in a swamp on the South Side with the head crushed and the body stripped of all means of identification.

At the time the body was found the parents, unaware of the fate of their son, were awaiting a visit from the kidnapers in order to turn over the money to them, having followed the instructions of the abductors to the letter, even refraining from notifying the police.

Tonight one of the greatest man-hunts in Chicago's history was underway with more than 5,000 police.

SPECIAL AT SALVATION ARMY HALL TONIGHT

There will be a special service held at the Salvation Army tonight. Brigadier Henry D. Bull, Division commander, assisted by Ensign Marshall will conduct the Service. Good singing and speaking. Come and bring your friends. 8:00 p. m.

SLIGHT FIRE ON WEST SIDE

The fire alarm was sounded about 11:30 for a slight fire at Walther's West Side garage, but garage workmen had extinguished the flames by the time the firemen got there.

PENNSY-GRAMS

Philadelphia—Benjamin Sacko, 19 years old, was entitled to "write home" after his name today. When he saw a truck about to strike Antoinette Sieger, 6 years old, he dashed between the front wheels and the girl and took the force of the impact himself, probably saving her life. He escaped without serious injury.

Scranton—Expert accountants were working today on the books of W. C. Williams, removed late yesterday as treasurer of the local school board. The board made a statement that Williams' accounts were jumbled.

Philadelphia—Automobiles in this city's main thoroughfares will run in two lines in the middle of the street, going twenty-five miles an hour while trucks and slower moving vehicles will run near the curb, according to an order of Safety Director Butler taking effect today.

Harrisburg, Pa., May 23. (INS.)—Miss Alberta Gallagher, of York Springs, a waitress at the Harrisburg hospital, was instantly killed and her companion, Edward Lewis, ambulance driver at the hospital, was seriously injured when their car overturned at Shepherdstown, ten miles from here, following a collision this morning. They were found in a field half an hour later by Arthur Broek, superintendent of the hospital.

The two were returning from Miss Gallagher's home when the accident occurred. As they descended the steep Shepherdstown hill their car crashed into a machine said to have been driven by Addison Forry, of Mechanicsburg.

Lewis' machine veered, struck a concrete culvert and bounded over a fence into a field.

REVIVAL OF PLAY SPIRIT ADVOCATED BY THE PRESIDENT

By GEORGE E. DURNO
(U. S. S. Staff Correspondent.)

Washington, May 22.—Stressing the need for a revival of the play spirit in America, President Coolidge today opened the first national conference on outdoor recreation, called to devise methods of systematically developing nation-wide recreation and physical development.

Advance of civilization, the President warned, is taking the people further and further away from the active outdoor life which is so essential to the welfare of a nation.

"Our country is a land of cultured men and women," Mr. Coolidge said. "It is a land of agriculture, of industry, of schools, and of places of religious worship. It is a land of varied climates and scenery, of mountain and plain, of river and lake. It is the American heritage. We must make it a land of vision, a land of work, of sincere striving for the good; but we must add to all these, in order to round out the full stature of the people, an ample effort to make it a land of wholesome enjoyment and perennial gladness."

"Side by side with the industrial plants should be the gymnasium and the athletic field." The President explained that in calling the conference there had been no idea of federal domination of athletic activities.

"Necessarily," he said, "they are largely local and individual, and to be helpful they must always be spontaneous."

Mr. Coolidge touched particularly upon golf, tennis, fishing and hunting, baseball, football, polo, and gardening, as forms of sport and recreation which will develop and better the nation.

FUNDAMENTALIST IS NAMED MODERATOR BY PRESBYTERIANS

Grand Rapids, Mich., May 22.—Dr. Clarence Edward MacArthur, pastor of the Arch Street Presbyterian church, Philadelphia, and outstanding leader of the fundamentalist group, was elected moderator of the General Assembly of the Presbyterian Church this afternoon over Dr. Charles Erdman, a professor in Princeton Theological seminary and known as a liberal conservative. The 910 commissioners to the assembly gave Dr. MacArthur 464 votes and Dr. Erdman 446. The Philadelphia man having a margin of 18 votes.

Those who had looked for a spectacular fight at this opening business session of the assembly were not disappointed, but it was not over the election of the moderator. The election provided a profoundly interesting contest, involving vital issues, a contest that will become historic, but there were no fire works.

By Radio and by Wire

In these pictures interesting contrast is shown in photographs sent by radio and by phone. On the left is a picture of Herbert Hoover, secretary of commerce, transmitted and received by radio by means of the invention of C. Francis Jenkins, Washington, D. C., who has been meeting with increased success in sending photos in the air. On right is a picture of President Coolidge transmitted by phone through the American Telegraph & Telephone Company. Some hold that radio transmission is less practical, due to other disturbances.

GIRL IDENTIFIES HOFFMAN AS MAN WHO KILLED MRS. MAUDE BAUER

New York, May 23. (INS.)—With dramatic emphasis, thirteen year-old Barbara Fahs in court yesterday afternoon identified Harry L. Hoffman as the man who was driving the automobile which, it is charged, took Mrs. Maude Bauer on the brief journey which culminated in her murder. Hoffman is on trial charged with slaying Mrs. Bauer.

The girl told of walking along a street with her young brother, when she saw Mrs. Bauer standing alone beside an automobile. Then she said she saw Mrs. Bauer step into the car. "Do you see in this court room the man who was driving that automobile?" asked District Attorney Fahs. "Yes, that is the man there" declared the child with no show of emotion, pointing her finger at Hoffman.

ONE GENERAL TAX IS RECOMMENDED FOR STATE INCOME

Harrisburg, May 22. (INS.)—Ten proposals looking toward the equalization of taxation were submitted for consideration, members of the State Tax Commission said today in ending their sessions here. The commission yesterday heard a number of proposals and today in executive session summarized the best suggestions offered.

The suggestion that instead of receiving its income from 17 sources as at present, one general tax be substituted, heads the list of plans which have been submitted. The general tax as proposed would be on incomes, sales or property. Another main consideration is whether the present system of taxation is unfair to the farmer and home owner.

The commission will hold its next meeting at Williamsport on June 12, to be followed by session at Erie June 19 and 20. Meetings will be held later at Scranton, Pittsburgh and Philadelphia.

THREE ACCEPTED FOR CITIZENS MILITARY TRAINING

Baltimore, Md., April 21, 1924.—It was announced at the Headquarters of the Third Corps Area Standard Oil Building, this City, that Clearfield county, Pa., is making a fine showing in the number of accepted applicants for the Citizens' Military Training Camp to be held at Camp Meade next July. Notices were sent this morning to John L. Ardary, 412 W. Pine street, Clearfield.

Donald M. Boalich, 208 Margaretta Street, Clearfield. Edgar P. Sheffer, Winburne, Pa. that their applications for enrollment had been favorably acted upon by the Board of Officers.

Mr. and Mrs. Bowman of Buffalo, spent Tuesday in town. Mr. Bowman is Gen. Supt. of Freight over the B. & P. for the C. & M. Division.

P. T. Davis Highly Honored By State Bankers' Association

Philadelphia, May 23. (INS.)—E. B. Harshaw, of the Grove City National Bank, Grove City, was elected president of the Pennsylvania Bankers' Association here today. George W. Reiley, Harrisburg Trust Company, was elected Vice President and P. T. Davis, Clearfield Trust Company, Clearfield, Treasurer; C. F. Zimmerman of the Lebanon County Trust Company of Lebanon, was renamed Secretary.

Philadelphia, May 22.—Advertising was characterized as a powerful force capable of performing great tasks by Francis Sisson, vice president of the Guarantee Trust company, New York, in an address before the convention of the Pennsylvania State Bankers. He said it was one of the greatest factors in life and of estimable value, influencing public opinion.

The trust company's section of the association re-elected Mr. Gates, as chairman. Other officers re-elected, John Reding, Williamsport, vice president; J. A. Campbell, Chester, treasurer; executive committee—P. T. Davis, Clearfield; Edward J. Fox, Easton; M. B. Holland, Pittsburgh; Donald McCormick, Harrisburg and E. W. McGill, Meadville.

NEAR RACE RIOT AT SHENANDOAH, VA., AFTER QUARREL

Shenandoah, Va., May 23. (INS.)—A race riot broke out here this morning caused by a fight between a trio of negroes and Clement Escue, a white man.

Escue was badly cut about the head and received several knife wounds on other parts of his body. Automobiles filled with armed white men pursued the three negroes.

Emil Escue, a brother of Clement, discovered the negroes hiding in a woods and opened fire on them.

The negroes returned the fire and a running gun fight ensued until the white man's supply of ammunition was exhausted.

The white men retreated under fire and one of them was wounded, but not seriously. The injury to the negroes was not ascertained. Poses were hastily organized and are in pursuit of the negroes.

Miss Lena Turner who was injured in an automobile accident a few weeks ago, has sufficiently recovered so as to be able to be taken from the Clearfield hospital to her home her many friends will be glad to learn.

NATIONAL EDITORIAL ASSOCIATION HEAD BITTERLY ASSAILS BUTLER ON HIS STAND AGAINST PROHIBITION

Oklahoma City, May 22. (INS.)—Its three day meeting here today, Dr. Nicholas Murray Butler, president of Columbia University, was severely attacked for his prohibition stand in the opening address of President Wallace Odell of the National Editorial Association, which opened

AMERICAN LEGION AUXILIARY ANNOUNCES THEIR ANNUAL POPPY DAY

"To you, from falling hands, we throw the torch. Be yours to lift it high! If ye break faith with us who die We shall not sleep, though poppies blow In Flanders' Field."

Starting tomorrow, Saturday, and continuing until the close of Memorial Day let no one be without a Poppy.

Last year great success was attained and every effort will be made this year to reach the 1923 number. The American Legion Auxiliary makes but one annual appeal to the public for financial contributions. It is not a selfish request. This year it is a campaign in behalf of those who cannot ask for aid, and would not if they could—the orphans of war. These unhappy but uncompensated victims are inarticulate. The public engaged in its own busy affair is inclined to forget its debt to them. This year the American Legion Auxiliary recalls that debt to the public. It asks in payment more than eulogy and oratory. It asks cash money to care for and educate the fast growing army of war orphans. The method decided upon for the collection of this money is through the sale of poppies. The Poppy is the official flower of the Legion, and the emblem of a faith that is being kept.

Everyone should buy and wear a scarlet blossom in memory of the boys who made the supreme "sacrifice." To the boys who were "over there" no other flower should be more symbolic of our honored heroes than the poppy. It not only stands for the gold stars on the service flags of our country, but also for the blue stars of those of our country's young manhood, who, willing to make the supreme sacrifice returned shattered in health and strength, to face the handicapped struggle of an impaired existence.

Let us remember that the Poppy is significant of all the blood of our Heroes who fell on foreign fields, and make this POPPY DAY one long to be remembered.

"Lord, God of Hosts, Be with us yet, Lest we forget! Lest we forget!"

METHODISTS ELECT FOUR NEW BISHOPS FOR 8 YEAR TERM

Springfield, Mass., May 22.—Rev. Dr. Titus Lowe, corresponding secretary of the Methodist board of foreign missions, and Dr. George R. Gross, president of DePaul University, were elected bishops of the Methodist church by the general conference this afternoon on the fifth ballot. With 551 votes necessary to a choice, Dr. Lowe received 594 and Dr. Gross 564.

Rev. Brenton T. Badley, executive secretary of the Indian centenary movement of Calcutta, India, was the fourth of five bishops to be selected. He was chosen on the sixth ballot.

Miller Chosen First
George A. Miller, of Panama City, superintendent of the Central American mission, was elected to the episcopal office earlier in the day on the fourth ballot, the first, second and third ballots failing to elect.

The conference met in special session late today to hear the result of the voting and to consider further proposals for reorganization for the benevolence boards of the church.

Former South Fork Pastor
Dr. Lowe had been secretary of the board of foreign missions since 1921. He was born at Bilsdon, England, in 1867, and came to this country in 1897. He graduated from Ohio Wesleyan University in 1902, and occupied pastorates in Calcutta, India; Omaha, Neb.; South Fork, Pa. and Cedar Falls, Ia. During the war he lectured in France for the Y. M. C. A.

Dr. Gross was born in Nicholas county, West Virginia, in 1869, and graduated from the Boston School of Theology in 1906. He had been president of DePaul University since 1912. Dr. Gross formerly had pastorates in Boston, Newton and Lynn, Mass., and in Baltimore.

Dr. Miller was born in Mendon, Ill. in 1868, and graduated from Leland Stanford University in 1890, having been ordained a pastor in 1889. He served as a missionary in the Philippines and on the board of foreign

DOGS AND ENDS AND THINGS

By J. D. C.

The more you see of the present system the more you think how necessary it is that some other method be used to determine law suits. For many times are jurors influenced by their verdicts by some thing that is entirely foreign to the evidence in the case and accordingly results in a guilty man escaping just punishment for his crime or a plaintiff or defendant as the case may be, is despoiled of his rights regardless of law, justice or the facts in the case.

The "Toonerville Trolley" service between Tyrone and Clearfield will undergo a shift on Monday morning and one of the few trains on the branch moved back to about 6:30 in order that the "big haul" of passengers leaving here at that time may be carried and shooed down for their change. The people of Curwensville and Germanian will still be unable to get home at nights. The Pennsylvania is a great railroad system everywhere but on the "Toonerville" Branch.

Why They Parted

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any since. Myr's Wonderful Remedy has the right name—gas, sour stomach and indigestion have left, too." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which produces all stomach, liver and intestinal ailments including indigestion. One dose will convince you. At all druggists.

REVISED PLANS FOR ROCKVIEW PRISON

(Continued From Page One.)

eventually raise all the food and provisions for the other two state penitentiaries in the state. A cannery will be established there that is expected will more than provide for the three penitentiaries and leave a surplus of canned vegetables and fruits that can be sold to state-aid hospitals.

Rockview will continue to be a prison without cells and walls, according to Warden Stutzman. While he plans to utilize a cell building that has already been constructed, nevertheless he does not intend to lock the prisoners up at night.

"When you send a man out on the farm all day, often without a guard he returns each night," Mr. Stutzman stated, "it would hardly be sensible to lock that man up at night like a caged animal, especially when he made no attempt to escape during the day when he had all sorts of opportunities. I expect to achieve far better re-

sults with the prisoners here by treating them as men than I would if I were to make them think that I was eternally afraid that they might escape. I am sure that if I watched the moon constantly they would feel that they should endeavor to get away and I would have an old fashioned penitentiary where I would have to place the men under lock and key all the time."

Many stories are told by prisoners at Rockview of the manner in which they regard the "new deal" in the penitentiary. Recently, a prisoner was sent to one of the remote portions of the prison farm. He lost his way and wandered about the outskirts of the prison farm some time. By the time he reached a house, it was past the time when he should have reported back at the main building.

He hurried to a telephone, and called Mr. Stutzman on the telephone. "I want to tell you that I have been lost," he said. "I did not want you to think I am trying to escape. I will return as soon as I can find my way back."

On another occasion, several men recently transferred from the Western penitentiary were working on concrete work when the evening whistle blew. The men, who had the new territory to work overtime until the job of pouring the concrete was finished. The men refused, walked back to the dining hall and loudly boasted of their refusal to work. Instantly, one hundred men left the dining tables and rushed out to volunteer to finish the job.

The Rockview penitentiary and farm was originally provided for by the 1911 legislature. At that time, the sum of \$1,250,000 was appropriated for the purpose. Since then, the plans have been enlarged and changed so that the most recent estimates of the complete cost of the modern Rockview plant placed the figures upwards of \$12,000,000. The recent changes in the plans will reduce that figure by several million dollars, Dr. Potter stated.

Prominent Sharon Druggist Gives Expert Testimony

Tells of Actual Results Patrons Have Received, and of Their Statements to Him.

RECOMMENDATION IS UNQUALIFIED

Declares Sulac to Be a Splendid Remedy for Stomach, Liver and Blood Troubles.

Other Druggists Over Wide Territory Are Having Similar Experience With This Remarkable New Remedy.

Druggists in every section of Pennsylvania who know Myer Collins, prominent Sharon druggist, will be interested in the experience he has been having with a new remedy for stomach and kindred troubles. Druggists, naturally, are skeptical when asked to order a new medicine. They are used to having salesmen tell them that their medicine is the best in the world. So when they find that a medicine is all and more than was claimed for it they are both surprised and delighted. Mr. Collins very frankly says that when he was asked to place a trial order for Sulac he thought it was just an ordinary medicine. The one thing that made it stand out was its record of sales in other places. So like the progressive but careful business man that he is he ordered a comparatively small quantity. Somewhat to his surprise the people who bought the first of it came back for more. By the time they had taken two or three bottles they commenced telling him of the good it was doing them. This started him to investigating and he has written the manufacturers the following statement:

"About two months ago I took the agency for Sulac, and I must say that it is a splendid remedy for Stomach, Liver and Blood complaints.

"Nearly every day people come into the store asking for a good remedy for the above complaints, and I always recommend Sulac to them. I find that the results are remarkable, and that the people who have tried it recommend it to their friends.

"Personally, I have found it to be a product of real merit and am glad to recommend it.

(Signed) Collins Drug Store, (By) Myer Collins, Proprietor.

When food doesn't digest and lies like a lump of lead in your stomach, generating foul gases, bad breath, and a bloated shortwinded condition, it is no wonder you get no good from the food you eat, or that you grow pale, irritable, sleepless and headachy. Constipation, heart burn, loss of appetite, restlessness, stomach catarrh, gastritis, and acute indigestion, and even more serious complications arise eventually if neglected. It is for these distressing complaints that Sulac is especially recommended, and if you will give it a fair trial you will find that it is all that is claimed for it. In fact if you take six bottles and are not satisfied with the results, druggist is authorized by the manufacturers to refund your money. Sulac is sold in Clearfield by Hunter's Drug Store.

TOO MUCH GOVERNMENT

There are on the government payroll more persons than would be required to operate all the street and stream railways in the country, James Emery, counsel of the National Association of Manufacturers, said recently.

In a period of twenty years, said Emery, federal commissions had grown from three to thirty-three and their expenses from \$282,000 to \$65,000,000 annually.

Urging that the people take greater interest in political affairs, Emery said that "the citizen indifferent to his political obligation" was the unconscious ally of every treasury raider.

FATAL VACATIONS

More people are taking vacations nowadays than ever before, but fewer are finding them fatal. There are fewer deaths during or immediately following vacation. This is the result of growing intelligence and common sense about outdoor life.

Drowning has long been the leading item among recognized vacation fatalities. Drownings diminish steadily as more people learn how to swim and how to revive water victims. Typhoid has been another big blight upon summer outings. Post-vacation typhoid deaths diminish with the improvement in water supply and the spread of knowledge regarding contaminated water and its avoidance.

Not the least cause of vacation safety is the increasing vogue of outdoor recreation the year round. That puts the vacationer into better condition for his outing, and at the same time makes it seem unnecessary to try to crowd a whole year's exercise, air and sun into two weeks.

BEING A GOOD CITIZEN

Says Governor Pinchot of Pennsylvania, referring to the liquor situation:

"I am an American citizen, and as such bound by every consideration of loyalty and gratitude to my country to stand by its Constitution and obey its laws. I am a sworn official, under solemn oath to obey and defend the Constitution and enforce the laws. What is more every official of every township, county, city and State, of the nation itself, has taken the same oath. I have the choice to keep my oath, and with it my self-respect, or to disregard it. The evidence is clear that thousands of sworn officials have chosen not to keep their oath, and consequently have lost all title to respect of any kind as well as to the name of loyal American."

This is a statement that deserves respectful consideration in every state in the Union, and among every class of citizens, quite aside from the position and personality of the speaker. Surely no public official can assume to be a good American if he deliberately ignores so important a law as the dry law, whether he agrees with its purpose or not. And surely no private citizen can be a good American who breaks that law by bootlegging or connives at its infraction by patronizing bootleggers.

As Governor Pinchot reminds the public, such citizens are doing more to undermine respect for law than all the Communists, Bolsheviks and Anarchists for whom they express so much horror.

Progress Editorials for Women

SIXTY YEARS LATER
By FLORENCE DAVIES

Sixty years ago Mrs. James T. Fields, a brilliant Boston hostess, kept a diary.

A year or two ago that diary was put into book form, and a woman novelist of today, in commenting upon it, remarks of the writer:

"... perhaps she chronicled only the high spots. It would be just like her. She had a great sense of values... of lasting values. She knew in 1862, who would matter in 1922."

Oh, happy and fortunate Mrs. Fields, to know just that! To know today what will matter tomorrow is pretty much the whole secret of living.

Mrs. Field had that uncanny knowledge about people. She evidently didn't bother to record the visits of nonentities, or of very many "false alarms". She knew who would matter sixty years later. Knowing what will matter later is about as important as knowing who will matter.

Do you and I know as much when we spend our time upon trifles? And what are the trifles?

Ah, that's the secret. Perhaps some of the things that we think trifles, the things we think won't matter

sixty years later, are the very things which will count most.

Looking back over the years it's rather surprising to discover that some of the things we thought vastly important have mattered the least—while some of the smallest trifles have lasted in the memory and grow bigger with the years.

Knowing what will matter sixty years later, is the greatest game a mother can play.

Sometimes some of the things which seem most important are only passing disturbances, whereas, trifling episodes may sink deep in the heart and take on growing significance with the years.

One thing, at least, is true. Extraneous seldom matter in 1922, half as much as they seemed in 1862. By that time the cut of a frock, the place we spend the holidays, the number of plumes we can afford on a bonnet may not matter at all.

But the sweetness, the patience, the fineness with which we view life, our attitude toward our neighbors, the way in which we face life, these are some of the things that will count.

A sense of values, of lasting values, of the things of 1924 which will count in 1984,—this is worth trying to find out.

In the Courts

Frank Alexander, the DuBois ice man, was acquitted by a jury in Judge Chase's Court yesterday of the charge of violation of the motor law by driving a car while intoxicated.

Ada Hummel filed a petition in Prothonotary Ralston's office yesterday in which she asks that she be given a divorce from Mitchell A. Hummel. The Hummels were married in Clearfield on May 15, 1915, and separated July 23, 1923. Infidelity is the reason for the divorce proceedings.

Guy Strickland, of Curwensville, succeeded in convincing a jury in criminal court yesterday afternoon that he had not violated the liquor law and a verdict of not guilty and the county pay the costs was the result of the trial of the case against him.

That the mental processes of the average juror are past understanding was again demonstrated in the case of Ben. Tarvis, of Graham Station, who was charged with criminal assault upon a Morris township school teacher. The jury which heard the evidence in the case deliberated for twenty hours, asked for further instructions in the middle of their deliberations, and then reported about 6 o'clock last evening they were unable to agree upon a verdict. It is said the jury stood 9 for conviction and 3 for acquittal.

The orderly processes of the law are generally supposed to be the proper recourse in even such atrocious cases as this but it is just such cases as occurred in this case that makes red-blooded people doubtful at times.

Henry Bousier, of Madera, who was found in possession of a quantity of liquor, when the State Police raided his place recently, entered a plea of guilty to unlawful possession of liquor. Bowser said the "hard stuff" was for his own personal consumption, and as the District Attorney's reported no evidence of sales, Bowser was sentenced to pay \$400 fine and the costs.

Chailey Vitkofski, who hails from Coalport country, seems to have been a pestiferous, cantankerous violator of the "dry laws." When called for sentence after entering a plea to a blanket violation of the liquor laws, Judge Chase told Vitkofski he had been arrested no less than four times in the past three years upon the same charge, and he was the kind of man that would improve Clearfield county by getting out of it and if found in the county after the expiration of the sentence he was about to hand him, it would be brought into court again and soaked on some of the other charges against him. Vitkofski was then sentenced to pay \$500 fine and costs and join that rapidly becoming "innumerable catavan" down at Warden McClure's jail for a ten months stretch.

Andy Bolshevik was promptly found guilty of manhandling M. L. Konchovick by the jury which heard the evidence in the case. Andy was charged with aggravated assault and battery.

Say you saw it in The Progress

ROBERT G. McCracken

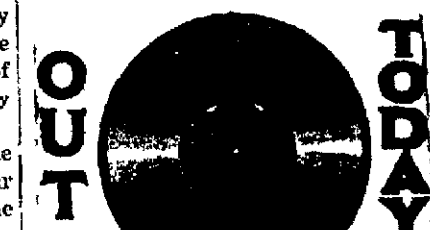

Robert G. McCracken, the son of Hiram and Maria McCracken, was born in Ferguson township, May 22, 1861, and died at the Clearfield Hospital May 14, 1924, aged 62 years, 11 months and 22 days.

The deceased who spent all his life in Ferguson township, was a farmer and an upright, honest man. In politics, he was a Democrat, in religion a Presbyterian, in fellowship a friend close as a brother and an affectionate husband and devoted father.

He is survived by his widow and three children, viz: Mrs. Mona Barrett, of DuBois; Olen, of Curwensville and Mrs. Grace Adams, of Kennecott. One brother, Lee McCracken of Grampian, and one sister, Mrs. Mary L. Hile, of Curwensville.

The funeral occurred at Fruit Hill Rev. G. W. Hatch, of the Mt. Union Baptist church, and an old friend officiating.

DON'T YOU LOVE IT!

What? That brand-new flavor. That crisp, refreshing flavor of Floss's Cherryberry Chewing Gum. Say — Check-check-! — Cherryberry!

He laughed at Kellogg's Bran!

Now read this letter of thanks from Mr. Kane. It speaks for itself. Remember, it is because Kellogg's Bran is ALL bran that it was so effective in his case—just as it has been in thousands of others. Only ALL bran can produce 100 per cent results.

My dear friend: Imagine a young man weighing 165 pounds in the course of a few months packed in bed, a weakling weighing 94 pounds. An elderly lady whom I knew since I was a kid paid me what she thought was a last visit. Upon being told of my plight she immediately mentioned your product for such an ailment. Maybe some of us didn't look upon her views very lightly... it was to laugh!

My dear friend, I am still laughing... not at your product, but because I am able to. I am telling you and the world at large, "Eat Kellogg's Krumbled Bran!" It should be called "Constipation's worst enemy." I owe you my heartfelt gratitude. I can talk, and whenever the opportunity presents itself, my mouth is always full of bran—Kellogg's Krumbled. Wishing you countless days of progress, I am Yours for success,

John M. Kane,
228 Salem St., Woburn, Mass.

Eat Kellogg's Bran, cooked and krumbled, regularly to relieve constipation permanently. Two tablespoons daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money. You will like the delicious nut-like flavor. Sold by all grocers.

Business Briefs

Cleveland, Ohio, May 22. (INS.)—Alleging stifling of competition, in violation of the Sherman anti-trust act, the New York Securities Company of Dover, Delaware, today filed in federal district court here a suit against the New York Central Railroad Company and its subsidiary, the Big Four Railroad, asking that receivers be appointed to control the stock owned by the New York Central in the Big Four and that the directors and employees of the New York Central be restrained from further exercise of control over the Big Four railroad.

The New York Central railroad, the petition recites, obtained control of the Big Four railroad in 1914 and since that time "has dominated and controlled" the latter road. It is alleged that freight originating from the Big Four has been diverted to the New York Central at junction points thereby injuring minority stockholders in the corporation.

The New York Securities Company, the suit recites, owns 10,000 shares of the preferred stock of the Big Four railroad, and the petition was brought in its own behalf and that of the minority stockholders.

New York, May 22. (INS.)—One of the largest pieces of railroad financing for this year to date was announced today. J. P. Morgan and Company, bankers, announced an issue of \$25,000,000 of the New York Central Railroad 5 percent bonds.

The bonds, which will mature from 1925 to 1939 in installments, will be sold later.

The new securities were offered under the Philadelphia plan covering securities for the New York Central, Michigan Central, Cleveland, Cincinnati, Chicago and St. Louis (Big Four), and the Cincinnati Northern Railroad Companies.

Philadelphia—Baldwin Locomotive works today announced that its capacity will increase to 50 per cent by June 1 and 55 per cent by July 1.

Washington, May 22. (INS.)—The Baltimore and Ohio railroad today applied to the Interstate Commerce Commission for authority to issue \$5,000,000 of six percent bonds and general mortgage bonds to pledge them from time to time as collateral security for short term loans, and also to issue bonds of certain subsidiary companies to be pledged as further security under the general mortgage.

The purpose of the issue is to reimburse the road's treasury for additions and betterments.

S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexion does not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood cells. This is why S.S.S. gets out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, etc.

When you use S.S.S. you are rebuilding your blood. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pop."

S.S.S. is sold at all good drug stores. The larger also is made.

YOUTH IS KIDNAPED, THEN MURDERED

(Continued From Page One.)

men and detectives scouring the city in the search for the slayers. Despite the meagre clue it was reported that arrests were imminent.

A certain cunning was shown by the slayer, for after divesting the body of clothing, he adjusted a pair of spectacles which were found there when the body was discovered. This fact disarmed any suspicion of the Frank family that the body of the youth found crammed into a culvert in the swamp was that of their son.

Young Frank was last seen alive yesterday afternoon when he left several companions after amping a ball game at the Harvard School, a private institution, where he was a student. He told companions that he was going home and that is the last time he was seen alive by those who knew him.

A few hours after the boy left school the kidnapper's first note was received by the father. It read: "Your boy has been kidnapped. He is in safe custody. You will hear more from us in the morning."

Mr. Frank consulted his attorney and arranged to tap the telephone wires in the hope of locating the kidnapers. This morning he received a special delivery letter which, he said, caused him to keep his plans to himself and to change them. The letter addressed to the father said that \$10,000 must be paid for the boy's freedom and warned that if police or authorities were notified, the boy would be killed. All letters and communications were well phrased and written by a person of good education.

Ouch! Such Pain!

It takes you right in the back! Sometimes in the arm, hip or foot.

It's all due to an over-abundance of that poison, called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice.

of Dr. Pierce, which is "Keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuria. This can be obtained at any drug store, in tablet form. Ask for Dr. Pierce's Anuric (Kidney and backache remedy).

Lebanon, Pa.—"For four months I was confined to my house quite unable to work. I could not sleep at night because of too frequent kidney action and the secretion burned like scalding water. During that four months I had three different doctors. In the hope that one of them would prescribe something that would help me, but it was not until I began to take Dr. Pierce's Anuric Tablets that I felt sure of getting better. I was soon back at my work again, and am glad to say that both my kidneys and bladder are in a fine healthy condition."—John A. Bender, 518 Light Ave.

The Decennial Games
 The Decennial Games were celebrated in ancient Rome every ten years to commemorate the nominal refusal of Augustus to be emperor for life and his preference for re-election once in ten years. They were maintained as a popular amusement until the last days of the empire.

Upheld Right to Squash Bore.
 If you light upon an impatient talker, that sticks to you like a burr, to the disappointment of your important occasions deal freely with him, break off the discourse and pursue your business.—Plutarch.

Placing the Piano.
 Stand the piano near an inner wall not near an outer one or bring it far from the wall. If it has to be left in an unheated unoccupied house during the winter wrap it thickly in blankets to protect from cold and possible damp. Regular tuning, every three months if possible, ensures the piano's regularity in tone longer than if tuned at irregular intervals. Keep the piano out of a draft.

Swiftest Tidal Current.
 The swiftest tidal current in the world is that between the islands of Java and Sumatra, off the South coast. According to the official charts, the speed of the current there is nearly eleven miles an hour. No river, except a mountain torrent, runs at anything like such a pace.

Registering a Kick.
 Some unimportant ass who has probably never ridden in a crowded trolley car has patented a device for softening the box toes of shoes.—Louisville Courier-Journal.

Frequent Occurrence.

POLICE PROMISE ARREST IN ELWELL MURDER VERY SOON

(N. Y. Staff Correspondent.)

New York, May 22.—One of New York's most famous and baffling murder mysteries—the shooting of Joseph Elwell—international whist expert in 1920—was taken out of the police file of unsolved crimes today and conferences were being held which police expect, they say, will lead to the arrest of the slayer.

On the morning of June 11, 1920, Elwell was found dead, clad in pajamas and seated in a chair in his apartment. A bullet wound in his head had ended his life.

Consort of beautiful women, gambler for high stakes in millionaire circles in Florida and Europe, Elwell had lived, police investigation disclosed, a romantic career.

The reopening of the four-year-old mystery was brought about by Bernard H. Sandler, a lawyer. Today he planned to confer with District Attorney Buntin. In his possession, Sandler says is information and he knows of circumstances which may lead the police to solve the mystery of Elwell's death.

Sandler represents persons who were drawn into the Elwell investigation. When the French Prince sailed yesterday, Sandler went aboard to say good-bye and have a final conference with Mrs. Lewisohn is enroute.

Mrs. Lewisohn is enroute to Paris to confer with her sister, Miss V. Kraus, on matters concerning the death of Elwell, Sandler admitted.

On the morning Elwell was found murdered in his chair, a woman telephoned to his apartment. Detectives who had just arrived on the scene decoyed the woman to the apartment.

When she arrived she was found to be, they say, Miss Kraus. Questioned repeatedly she could give no clue to the slayer.

Believing herself having been unjustly brought before the public, her friends explained, Miss Kraus went to Paris, vowing, they declared, not to return until the Elwell murder mystery had been cleared up. She has been using the name of Cross, Paris reports say.

Miss Kraus will return to America with her sister and aid police in bringing Elwell's slayer to justice, Sandler said.

The house where Elwell was killed is now owned by Sandler. He bought it, he says, some time after the murder.

Sandler, an Ice Wagon.

When two little Irish boys asked a woman in an electric machine for a ride, she looked into the upturned dirty faces and couldn't resist. While driving to the street they had been eating, they said, perfectly still, with eyes focused straight ahead, but when they got out she heard one say: "That's better, riding a free wagon ain't it?"

Paid in Full.

"I am old-fashioned enough," said the old lady with the angular face, "to believe that honesty pays, my dear young nephew." "Yes, quite so," answered the nephew, "and his honesty pays him."

Still on Guard Against Weevils.

It is still the custom among sailors to tap the biscuits twice on the table before eating them. The reason is that many years ago the biscuits served to the sailors were so bad that before eating them the sailors used to shake out the weevils. The custom remains though no longer necessary.

Mrs. Wm. Caldwell, residing on a farm about two miles from this place met with an auto accident near the Moon bridge last evening about 6 o'clock in which she received severe injuries. The car Mrs. Caldwell was driving skidded off the road and smashed down a bank. A passing car picked up Mrs. Caldwell and placed her in his car and brought her to the office of Dr. Blair, where it was found she had suffered a fractured shoulder and arm and severe cuts and bruises. She was made as comfortable as possible by Dr. Blair and then removed to the Clearfield hospital.

Borough Council met Wednesday evening and held second session for the month of May. Those who answered roll call were Moore, Ardary and Deering. Second Ward and President Lee and Bloom, representing First Ward. Councilman Gweeney being absent. By a few alterations the proceedings of meeting held May 14, were finally adopted.

Frank Moore and Louis Drenn, with residents over in the Eastview section were present and asked information as to when borough would open a street giving them ingress and egress to the property owners over there, claiming that Dorsey S. Griffin, from whom they had purchased their land, was willing to deed to borough all street and alleys marked out on the plot. It was decided that the matter of deed was up to Griffin to furnish the deed gift and have it presented to Council for acceptance and approval, as borough had no authority to open said streets and alleys until Griffin had complied with the usual procedure in such matters. It is decidedly true that the road from that section of the borough to the other streets, light or water, pay their proportionate share of tax levied for that purpose. The subject was thoroughly gone over by Council and finally tabled as Council had had the proper parties fully advised and witnessed.

Mrs. A. M. Verrille, who has been ill for some weeks, died Wednesday morning from a complication of diseases aged about 26 years. The funeral was held on Centre street, this morning, and was survived by her husband and two children, one 7 years

and the other 3 years. Her body was buried at Avia.

The Sunday School classes of the late Samuel and Mrs. Belle Watts will go up to the Watts cemetery, Ferguson township, next Sunday afternoon and hold a sort of a memorial exercise over the tomb of their beloved teachers.

Miss McCaleb entertained the High School faculty at the home of Mrs. H. L. Burkett, State street, last evening.

Mr. Phyllis, a salesman employed to sell leather for the P. H. & L. tannery was up from New York yesterday and spent some time with Superintendent Blake.

Distinctive

A very unusual cape that is a part of the frock on one side and quite detached on the other makes this gown of almond-green silk with satin overlaid distinctive. The wide flat band of braiding runs along from shoulder to hem line is most effective on figured material. The cuff almost covering the hand is a fashionable touch.

1,000 WOMEN WILL ATTEND CLEVELAND G. O. P. CONVENTION

350 Will Be There As Delegates; Plenty of Entertainment Will Be Provided For Ladies.

MRS. UPTON CHIEF

WASHINGTON, D. C. May 26.—One thousand women will attend the Cleveland convention, 350 to 450 of whom will be delegates and alternates, according to an estimate made yesterday by Mrs. Harriet Taylor Upton, vice chairman of the National Republican Committee. Ninety-three women delegates with full voting powers have already been listed at National Republican headquarters and there are ten states that as yet have not sent in their reports. In addition, there will be roughly, about 250 women alternate delegates.

The associate members of the National Republican Committee, members of the Women's National Republican Executive Committee and other prominent women will also attend the convention. Among them will be Mrs. Charles Sumner Bird of Massachusetts; Mrs. Medill McCormick of Illinois; Mrs. Corinne Roosevelt Robinson and Mrs. Charles H. Sabin of New York. Women legislators are to have a prominent part in the convention. Mrs. Nettie M. Clapp of Cleveland is chairman of the women's advisory committee for Cleveland, which is arranging for the entertainment of the women delegates and visitors.

A meeting of the National Republican Committee is scheduled for June 4, preceding the convention. Among

the prominent women who will not be delegates but will have an important influence with the delegates are Mrs. Nicholas Longworth, Mrs. Mahi Walter Willibrant of Washington, D. C.; Miss Sarah Schuyler Butler of New York; Miss Estey Edwards, the woman manager of the Coolidge club; and Miss Marion Parkhurst of New York.

Elaborate arrangements are being made for the entertainment of the women. The auditorium in which the delegates will be seated is a new structure housing 14,000 people. The seats are all comfortable and the stage can be seen from every seat. There are no posts or pillars. Opening off the auditorium are a number of rooms for committees. The assistant sergeants at arms will come from various states and the ushers will all be from Cleveland. There will be women in both groups.

Steamers have been arranged to take the delegates sailing on Lake Erie. There will be special performances in two of the theatres and residents of Cleveland are furnishing automobiles to take the visitors sight-seeing. The national headquarters for women will be with the men's headquarters in the new Federal Reserve Bank, which has just been completed and which is as yet unoccupied and was offered for headquarters for national, state and local committees. This bank is but two blocks from the auditorium where the convention sessions will take place.

At the women's headquarters will be Mrs. Leonard G. Woods of Pittsburgh, second vice chairman of the National Republican Committee, and Mrs. Harriet Taylor Upton, vice chairman of the National Republican Executive Committee.

Beginning with Saturday afternoon, June 7th, preceding the convention, a convention tea will be served each afternoon at the Hollenden Hotel with Mrs. Woods as hostess.

Among the speakers will be Mrs. Wood, Mrs. Corinne Robinson and Mrs. Mary Taylor Upton. Women will in all probability make the nominating and seconding speeches for the candidates. Among the youngest delegates will be Miss Dora M. Siamy of Taconnet, New Mexico.

Mrs. William Lowell Putnam of Boston, president of the Coolidge club of America, is an alternate at large for Massachusetts. Many women who have been at the heads of Coolidge clubs and Coolidge campaign committees in various states will be delegates to the convention. Mrs. William T. Halliwell of Port Madison, Iowa, associate chairman of the Coolidge Committee for Iowa, is one of Iowa's delegates at large.

From Florence, the Forests of Val-Isère appear like a dark-green blanket on the mountain crests to the east, writes Nelson Courtland Brown in the American Forestry Magazine. From the forest itself one can readily discern, on a fair day, the city surrounded by its villas and country-houses and the characteristic towers of the ancient cathedrals and palaces.

Fortunate Birth Omen.
Persons born between August 22 and September 23 when the sun is in Virgo have good, orderly brains, independent and dependable, keen in everything they undertake, business play study, competitive in effort of any kind; have remarkable memories. Make good teachers and lecturers. Momentary interest in all things and self-gratification, but as friends they are devoted.

Aids in Learning. A phylacterion machine has been invented which, as letters are pressed, raises cards bearing the letters and pictures of objects the names of which begin with the letters.

Little Children.
In an average life of seventy years, not counting the time from birth to one year, you would be asleep over a year in total, always subject to being wakened, and never once in church going, days are wasted.

PSYCHIATRIST SAYS HOFFMAN MAY NOT BE MRS. BAUER'S SLAYER

By HELEN FOX

I. N. S. Staff Correspondent
New York, May 21.—"I am convinced that Harry Hoffman is not normal but that does not necessarily mean he is the murderer."

Dr. Bernard Glueck, noted physician, made this statement today in discussing the murder of Mrs. Maude Bauer on a lonely Staten Island road for which Hoffman, a moving picture operator is now on trial.

Dr. Glueck drew a parallel to the Stielow case of a few years ago in which Stielow was convicted on circumstantial evidence and afterwards found innocent. He said the prosecution and the jury should be cautioned by what happened then.

There are two suppositions: Either Hoffman is the murderer, or he is an

BAUER, SLAYER?

Here is a photo of Harry Hoffman, against whom has been placed a technical charge of slaying Mrs. Maude Bauer, who was murdered March 25 on a lonely Staten Island road. Mrs. Bauer's automobile had become stalled and leaving her two children and mother in the car, she had gone for aid. A stranger who offered assistance attacked and murdered her.

"A normal man," Dr. Glueck said. The evidence upon which the state will prosecute its case is circumstantial. Hoffman's actions to protect himself from prosecution. If he is innocent, his identification of himself with the person who committed the crime indicates a mental condition that is abnormal, is pathological and pathological.

Here, briefly, is the story of the crime of which Hoffman is accused.

Mrs. Maude Bauer was driving with her mother and two children on a lonely Staten Island road. The car stalled at the roadside.

Mrs. Bauer, a charming young woman and a devoted mother, trudged through the mud to seek help. A swarthy man in the early thirties, wearing a brown overcoat and hat and a pair of tortoise shell rimmed glasses drove up in a sedan and offered Mrs. Bauer assistance and a lift to a garage. Half an hour later Mrs. Bauer's body was found. The owner of the sedan had attacked her, struck her several times with the butt of a .45 calibre pistol, shot her twice and left her lying by the road side.

The evidence against Hoffman is given by the prosecution as this. He had been identified as a man who a year ago gave another woman a lift and then attempted assault, this woman charged.

He induced his friend Raymond Parker to swear he was with him the afternoon of the murder, March 25. Parker finally confessed the alibi was false. A few days later Hoffman burned up the holster of a .45 calibre automatic pistol. At the same time he mailed to a brother in the Bronx a .45 calibre pistol with instructions to say it was mailed before the murder. Also he changed his

clothes. He has his bushy hair cut and exchanged his horn rimmed glasses for nose glasses.

Barbara Fahs, the 14-year-old girl who saw the sedan owner offer Mrs. Bauer the lift, talked of the murderer's twisted eyes. Hoffman has twisted eyes, and he owns a sedan. Shortly after the murder he tried to sell it for \$165 and failing, looked for somebody to repaint it.

Product of Coconut Tree.

A 5-year-old coconut tree begins to yield 60 nuts a year. It is estimated that 1,000 nuts will make 25 gallons of coconut oil, which is used for soap making and candle making. The husks are useful also; they may be turned into cordage, brushes or matting.
